- [Jump to International numbers](#)
- Jump to numbers of states starting with the letter:

The following list is a summary of the states, area codes and prefixes we have available for our members. In addition to the analog dial up access phone numbers, we also feature ISDN (1B) and (2B). ISDN accounts include 100 hours of access time and .50 cents an hour after.

**Note:** Fees for International are base charge plus \$2.25 per hour.

L.A. Bridge does not guarantee local dial up access. All long distance telephone charge are the responsibility of the customer. Check the local phonebook in the area that you are calling from for a list of local prefixes.
